Few nations on earth are more inundated with reportings of hauntings and paranormal activity than Scotland—a land of rich and varied folklore. Ghostly Scotland is a chilling insight into unexplained, mystical, and ghostly occurrences from all over Scotland, sometimes in the most unlikely of settings. Fairies, white ladies, tortured souls, poltergeists, malevolent phantoms, ghostly creatures—Scotland has them all, ready for those who are willing to see them, hear them or sense their presence. Find out about haunted houses and shadowy specters; witchcraft in Scotland, present and past; and about those with the gift of second sight, and prophecies that amazed and chilled with their accuracy. Learn also of some amazing experiences from the world of spiritualism, seances and mediumship. In addition, this book describes the phenomenon of earth energies. Many of Scotland's ancient standing stones are claimed to harness powerful energies. These energies are believed among other things to be the source of attracting UFO activity. Ghostly Scotland is an entertaining and enlightening spotlight on the mysterious side of an ancient country that is steeped in myth and superstition.
