On Earth as It Is in Heaven: Religion in Modern Latin America (Jaguar Books on Latin America)

Latin America has long been strongly identified with the Roman Catholic Church. Yet the face of religion is changing in the region, as is evidenced by new landmarks that now appear on the social and geographic landscape.

To date, most books on major religions in Latin America are specific to one religion only, and do not offer a comparative analysis. *On Earth as It Is in Heaven: Religion in Modern Latin America* not only examines the region's religious mÈlange, but also gives equal coverage to other religious variations. The nine articles in this volume examine the variety of religious expression in Latin America, focusing upon Catholicism, popular Indian and African religious forms, and new elements such as Protestantism and Mormonism.

Offering a comprehensive focus on one of the most prevalent social institutions in Latin American society, *On Earth as It Is in Heaven* is an excellent text for courses in Latin American history, religion, anthropology, sociology, and political science.
