Henry Edgewood loves making pancakes. He makes them every day for breakfast, lunch, and dinner, and everyone in town knows his are the best. But when fame and fortune knock on the door, in the form of a TV appearance and an invitation to the White House, Henry, then far from family, friends, and school, learns that there's a lot more to pancakes than mixing flour, eggs, and milk. This revised edition of the 1971 classic is a humorous reminder to keep our eyes on what's most important, and it is sure to capture the fancy of anybody who's found themselves focused single-mindedly on a pursuit or passion and lost perspective of their priorities.
