Walt Disney's Alice in Wonderland: An Illustrated Journey Through Time (Disney Editions Deluxe)

Mark Salisbury

Nearly 60 years after Lewis Carroll's literal masterpiece *Alice's Adventures in Wonderland* was first published, a new filmmaker named Walt Disney created a silent film about a little girl named Alice and her adventures in Cartoonland. The pilot launched a 56-episode series and led Disney down a rabbit hole to form a company that would go on to become synonymous with fairy tales-including making further versions of the Alice story with the beloved 1951 animated film, the more-recent live-action versions, and several iconic Disney Park experiences. *Walt Disney's Alice in Wonderland: An Illustrated History* delves behind-the-scenes of those whimsical worlds.
