## **A Dictionary for the Modern Singer (Dictionaries for the Modern Musician) Matthew Hoch**

Titles in Dictionaries for the Modern Musician series offer both the novice and the advanced artist key information designed to convey the field of study and performance for a major instrument or instrument class, as well as the workings of musicians in areas from conducting to composing. Unlike other encyclopedic works, contributions to this series focus primarily on the knowledge required by the *contemporary* musical student or performer. Each dictionary covers topics from instrument parts to playing technique and major works to key figures. A must-have for any musician's personal library!

*A Dictionary for the Modern Singer* is an indispensable guide for students of singing, vocal pedagogues, and lovers of the art of singing. In addition to classical singing, genres, and styles, musical theatre and popular and global styles are addressed. With an emphasis on contemporary practice, this work includes terms and figures that influenced modern singing styles. Topics include vocal pedagogy, voice science, vocal health, styles, genres, performers, diction, and other relevant topics. This dictionary will help students to more fully understand the concepts articulated by their teachers.

Although texts and glossaries on particular aspects of singing already exist, *A Dictionary for the Modern Singer* fills a unique gap in the singer's library because it is the only one-volume general reference geared toward today's student of singing. An extensive bibliography is invaluable for students seeking to explore a particular subject in greater depth. Illustrations and charts further illuminate particular concepts. Additional appendixes address stage fright, tips on practicing, repertoire selection, audio technology, and an introduction to exploring non-classical styles.

*A Dictionary for the Modern Singer* will appeal to students of singing at all levels. For professionals, it will serve as a quick and handy reference guide, useful in the high school or college library and the home teaching studio alike; students and amateurs will find it accessible and full of fascinating information about the world of the singing.
