The new edition of Kottak's best selling text continues to offer a holistic introduction to anthropology that approaches the course from a four-field perspective. To emphasize anthropology's integrated and comparative nature, "Bringing It All Together" essays show how anthropology's sub-fields and dimensions combine to interpret and explain a common topic. Another distinctive feature, "Understanding Ourselves," illustrates the relevance of anthropological facts and theories to students' everyday lives. In addition, every new copy of the eleventh edition is packaged free with a new student CD-ROM as well as PowerWeb!
