# Pharmacology: An Introduction

*Henry Hitner, Barbara Nagle*

## **Pharmacology: An Introduction** Henry Hitner, Barbara Nagle

Pharmacology, 7e by Hitner/Nagle is incredibly readable, with short chapters that link theory to practice; content that is focused on the need-to-know information to not overload the reader; excellent tables and features such as Patient Administration and Monitoring Boxes; and the most up-to-date drug information. This new edition features revised Learning Outcomes for each chapter, with a more streamlined chapter structure to reflect those updates. Chapter reviews have been revisited to more closely mirror typical exam formats, and a variety of additional exercises are available on Connect Plus. The full suite of instructor materials is available. Hitner 7e has Connect Plus, including LearnSmart: Pharmacology, SmartBook, body system and pharmacology animations, dosage calculations exercises, and more.

### From reader reviews:

#### **Bruce Bracey:**

What do you think about book? It is just for students because they're still students or this for all people in the world, exactly what the best subject for that? Just you can be answered for that query above. Every person has different personality and hobby for each other. Don't to be pressured someone or something that they don't need do that. You must know how great and important the book Pharmacology: An Introduction. All type of book would you see on many solutions. You can look for the internet methods or other social media.

#### **Jose Miller:**

Reading a reserve can be one of a lot of activity that everyone in the world enjoys. Do you like reading book thus. There are a lot of reasons why people fantastic. First reading a e-book will give you a lot of new details. When you read a book you will get new information because book is one of a number of ways to share the information or even their idea. Second, reading through a book will make a person more imaginative. When you looking at a book especially tale fantasy book the author will bring that you imagine the story how the characters do it anything. Third, you could share your knowledge to other people. When you read this Pharmacology: An Introduction, it is possible to tells your family, friends and also soon about yours guide. Your knowledge can inspire the mediocre, make them reading a book.

#### **Donald Davisson:**

People live in this new morning of lifestyle always try and and must have the time or they will get wide range of stress from both way of life and work. So , once we ask do people have time, we will say absolutely of course. People is human not a robot. Then we request again, what kind of activity do you possess when the spare time coming to anyone of course your answer will certainly unlimited right. Then do you ever try this one, reading books. It can be your alternative with spending your spare time, often the book you have read will be Pharmacology: An Introduction.

#### **Susan Crowell:**

Your reading sixth sense will not betray you actually, why because this Pharmacology: An Introduction guide written by well-known writer we are excited for well how to make book which can be understand by anyone who have read the book. Written inside good manner for you, leaking every ideas and composing skill only for eliminate your own personal hunger then you still doubt Pharmacology: An Introduction as good book not simply by the cover but also through the content. This is one book that can break don't assess book by its cover, so do you still needing one more sixth sense to pick this specific!? Oh come on your reading sixth sense already said so why you have to listening to a different sixth sense.
