**The Ruins of Mars Trilogy (3 Book Series)** Dylan James Quarles

**From Book 1:** Set against the turbulent backdrop of the near future, The Ruins of Mars opens on the discovery of an ancient city buried under the sands of the red planet. Images captured by twin sentient satellites show massive domes, imposing walls, and a grid work of buildings situated directly on the rim of Mars' Grand Canyon, the Valles Marineris. With the resources of Earth draining away under the weight of human expansion, a plan is hatched to reclaim Mars from the cold grasp of death. A small band of explorers, astronauts, and scientists are sent to the red world in mankind's first interplanetary starship to begin construction on a human colony. Among them is a young archaeologist, named Harrison Raheem Assad, who is tasked with uncovering the secrets of the Martian ruins and their relation to the human race. Aided by the nearly boundless mind of a god-like artificial intelligence; the explorers battle space travel, harsh Martian weather, and the deepening mystery of the forgotten alien civilization. Begin the epic journey in Book One of the Ruins of Mars Trilogy.
