Tales From The Park Side (Volume 1) Gary Wrenn

Walda Picar was one of the world's greatest imagination masterminds. Not only did she create what would become the world's largest entertainment company, but her last vision, the greatest theme park in the universe, was made a reality on the day of her untimely death. During a college internship in 2003, six unlikely college students became immersed in the corporate phenomenon and entered an adventure none of them could have imagined in their wildest dreams. In this first volume of the series lies one of the secrets of how the park became the world's most desirable place to be and how sinister forces tried to take control of it.
