**Theirs to Share (Crime and Punishment Book 3)** Trista Ann Michaels

FBI agents Grayson and Parker have a very strange mental connection, which is a side effect of the spell their twin mothers put on them when they were young. Whatever one feels the other does as well. Which is great for knowing when one is in trouble or hurt. Not so great when it comes to women.

Cheyenne has found herself in a mess. As witness to the torture and murder of an undercover FBI agent, she has no choice but to go into witness protection. While in hiding with Parker and Grayson, she'll find out some interesting things about herself and her unusual sexual desires.

Performing open heart surgery? Piece of cake. Taking on two men at once? Much more fun than she ever imagined.
