Basic Chinese: A Grammar and Workbook (Grammar Workbooks) Po-Ching Yip, Don Rimmington, Zhang Xiaoming, Rachel Henson, Yip Li Quzhen

‘Very well structured and clearly explained’ – *Dr Kan Qian, The Open University, UK*

Basic Chinese introduces the essentials of Chinese syntax. Each of the 25 units deals with a particular grammatical point and provides associated exercises. Features include:

- a clear, accessible format
- many useful language examples
- jargon-free explanations of grammar
- ample drills and exercises
- a full key to exercises.

All Chinese entries are presented in both Pinyin romanization and Chinese characters, and are accompanied, in most cases, by English translations to facilitate self-tuition as well as classroom teaching in both spoken and written Chinese.

Basic Chinese is designed for students new to the language. Together with its sister volume, *Intermediate Chinese*, it forms a compendium of the essentials of Chinese syntax.
