## **Miracles of Exodus: Scientists Discovery: A Scientist's Discovery Of The Extraordinary Natural Causes Of The Biblical Stories** Colin A. Humphreys

Did the Red Sea really part before the Israelites? Why didn't the fire consume the Burning Bush? What was the Manna in the Wilderness? The Miracles of Exodus explores the truth about these and all the other Exodus mysteries, including the precise locations of the Red Sea Crossing and the route of the Exodus of the Israelites from Egypt 3,000 years ago. This investigative tour de force explains the Ten Plagues, the true location of Mount Sinai, the ultimate crossing of the Jordan and much more. Colin Humphreys, a distinguished British scientist, uses physics, astronomy, biology and other scientific resources to show that the mysteries and miracles of the Exodus have scientific explanations. These explanations allow us to pinpoint the exact nature, time and place of these miracles, and to reconstruct, for the first time, the true route of the Exodus. This book reveals what really happened and how the biblical account is remarkably accurate and historical when scientifically investigated. Profusely illustrated with maps, photographs and explanatory tables, this book by one of the world's great scientists unlocks the mysteries of the ultimate Bible story in a fascinating and convincing way.
