Do you have bugs and pests in your house and garden but are concerned of the effects of chemical-based controls on you and your family? Simple & Effective Organic Pest Control For Your House & Garden has the answers to safely control these pests with no risk to your health.

No one likes to have pests in their home or garden, and if you have an infestation problem then there are organic pest control methods that can be used to repel and kill the pests as effectively as chemical-based pesticides. Organic pest control is a safer way to control pests, as chemical-based pesticides from the home and garden store can be dangerous and very toxic.

Natural, organic pest control is an easy, effective and cost-effective way to get rid of the pests in your garden or home. In this book you will learn:

- How to make homemade pest control sprays to repel and kill insects
- Natural ways to get rid of rodents
- Specific watering strategies for your garden to decrease the insect population
- The "good" garden bugs, and things that you can do to promote them
- Why you should stay away from chemical pesticides and use natural methods instead
- And much more!

So scroll up and click "BUY NOW" to start controlling your pests straight away!
