We live in a new age of global companies, hyper-access to information, and accessibility to tools that enable us to bring any idea life. Strangely, our workplaces are lagging behind the promise of this open and collaborative world. Most organizations are rule-based, top-down, dreary environments optimized for conformity and little else. *The Work Revolution* creates a compelling portrait of a different kind of work.

"I believe freedom in the workplace is worth fighting for and every person and every organization can be excellent."

Julie Clow articulates the rules we follow today in our work force, the reasons they no longer work, and what we can do instead. *The Work Revolution* deconstructs the magic behind thriving, liberated organizations (such as Google) into clear principles that any individual, leader, and organization can adopt to create sustainable and engaging lives.

- Details concrete ways to influence existing organizations to change
- Guides leaders to make tangible changes in their teams to enable greater autonomy and impact
