The Amazon Echo is a breakthrough in the voice-powered technology. Built with the Alexa software, the device aims to follow your commands ranging from finding information to smart home management.

After four years of development within the renowned Amazon's Lab126 offices, the Amazon Echo device was tinkered and modified into what it is today. Unfortunately, the full potential of the device is yet to unfold. Hence, numerous guides were written to help users in discovering what Echo can do for them.

This book will bring you to the latest attempts of Amazon in virtual interactions. Aside from Kindle eBook Reader, the Echo is an addition to the company's portfolio of devices. These devices help Amazon in determining the needs and interests of their users.

This book also provides tips on how you can maintain your privacy without looking negatively towards the Echo device. Lastly, this book will give you a list of basic troubleshooting techniques that you will need to remember to guarantee the Echo speaker's efficiency.

The Amazon Echo Handbook: With Commands You Didn't Know You Can Do aims to bring all the potentials of the Echo device without becoming too technical. It features the following topics:

- Basic Setup and Commands
- Core Features
- SMART Technology
- Skills
- Troubleshooting
