Bride of Fire Viola Grace

Fayra's colony ship has been waiting for five years for the Anvin to allow any of their personnel to wake. She is the first one to wake up, and she is also the only one. She is briefed on her situation—she must prove her species' worth in order to earn a place on this new world. To do that, she needs a mate, a child and nerves of steel.

The five Fire Bringers never imagined that they would have a chance at a mate, let alone a family. They have to use their charms to win Fayra's favour and all without touching her. It is a challenge they must rise to or lose their chance at a child of their own.
