Forex For Beginners

Anna Coulling

Forex For Beginners Anna Coulling

Forex For Beginners is the prequel to my first two books, **A Three Dimensional Approach to Forex Trading**, and **A Complete Guide to Volume Price Analysis**. It is your primer to the world of forex. It has been written to lay the foundations and provide the framework for getting started in the world of forex, in what I believe is the correct way. My other books then build on what you will learn here, to further develop your trading skills and knowledge.

What I try to do in all my books, is to show you how to apply that knowledge to help you become a more confident trader. After all, learning is all well and good, but if we are not taught how to apply that knowledge in a practical way, then it is of little use. It is the application of knowledge that empowers, and this is what I have tried to do here, and in my online training rooms, and all my books.

There are of course many books about forex trading. What is different about this book, is the focus on those aspects of trading which I believe are fundamental. After all, there are only two questions we need to answer when considering a position in the market:-

- *What is the risk on this trade - high, medium or low?*
- *What is the financial risk on this trade?*

The first is the hardest question to answer, and the book will explain in detail the analysis and approach to use, in order to answer this question with confidence. The second question is more straightforward and is answered provided you have an understanding of risk, money management and position sizing in relation to your trading capital. Again, this is covered in detail in the book. As the tag line on the front cover says '**What you need to know to get started, and everything in between**' which really sums up what you will learn.

The book explains everything, from the pure mechanics to the trading methodology that I advocate, and which I have used in all my own trading and investing for over 17 years. Forex For Beginners is also dedicated to all those traders who have asked me to write such an introduction, based on my knowledge and my methodology. **This book is for you.**

From reader reviews:

Tina Olsen:

Book is to be different per grade. Book for children until finally adult are different content. As you may know that book is very important usually. The book Forex For Beginners had been making you to know about other expertise and of course you can take more information. It is rather advantages for you. The reserve Forex For Beginners is not only giving you more new information but also for being your friend when you feel bored. You can spend your own spend time to read your book. Try to make relationship with all the book Forex For Beginners. You never experience lose out for everything in case you read some books.

Donald Murphy:

Information is provisions for those to get better life, information today can get by anyone at everywhere. The information can be a knowledge or any news even an issue. What people must be consider whenever those information which is from the former life are hard to be find than now could be taking seriously which one is suitable to believe or which one the resource are convinced. If you get the unstable resource then you get it as your main information it will have huge disadvantage for you. All those possibilities will not happen throughout you if you take Forex For Beginners as the daily resource information.

Frederick Rothman:

Forex For Beginners can be one of your starter books that are good idea. All of us recommend that straight away because this reserve has good vocabulary that may increase your knowledge in vocab, easy to understand, bit entertaining but delivering the information. The writer giving his/her effort that will put every word into satisfaction arrangement in writing Forex For Beginners but doesn't forget the main point, giving the reader the hottest as well as based confirm resource data that maybe you can be one of it. This great information can easily drawn you into new stage of crucial contemplating.

Judy Finley:

Many people spending their period by playing outside along with friends, fun activity having family or just watching TV all day long. You can have new activity to pay your whole day by looking at a book. Ugh, ya think reading a book can really hard because you have to take the book everywhere? It alright you can have the e-book, bringing everywhere you want in your Cell phone. Like Forex For Beginners which is getting the e-book version. So , why not try out this book? Let's observe.
