## **How Our Government Really Works, Despite What They Say, Fourth Edition** Daniel R. Rubin

The framers of the U.S. Constitution created a blueprint for government unlike any other in history, maximizing individual freedom and building a powerful nation. But in times of ideological partisanship, their visionary purpose is often obscured by disinformation spread by pundits and politicians. How Our Government Really Works provides an antidote to such manipulations and misunderstandings. By examining divisive issues like federalism, checks and balances, activist vs. traditionalist judges, and the roles of Congress, the president, the federal bureaucracy and the, it articulates what our framers meant and provides readers with an understanding of the way our system of government is intended to work. This Edition includes contemporary examples of events affecting public policy from political perspectives as well as decisions of the Supreme Court of the United States. It also includes copies of the Declaration of Independence, The Articles of Confederation and the U.S. Constitution. 2013 IPPY Awards - Silver Medal  
2013 Next Generation Indie Awards - Finalist - 2013 Florida Authors and Publishers President's Award - Gold Medal
