Wicked Games

Investigative reporter Brianna Tate stumbled upon a career-making story that changed her entire life. When the trail led her into a dangerous web of lies, she was forced to choose between destroying the man she loved and giving up her entire life to enter WITSEC. After three years of living as someone else, everything changed when her true identity and location were discovered.

Noah “Reaper” Steele created a successful business in Steele Security, but he never fully recovered after he lost Brianna. He shared his bed with other women but they never had his heart. Noah's life solely revolved around his work. Everything changed the night he caught an intruder in his house and learned it was actually his long-dead love, Brianna.

With their reunion, they discovered the passion that fueled their relationship was still alive, burning hotter than ever. However, even Noah’s love couldn’t erase the sting of her betrayal, and he wrestled with allowing her back in his life. Brianna was the only woman he’d ever loved, but he wasn’t sure he could forgive her treachery. For both to survive, Noah and Brianna had to band together, uncover the truth, and reveal the real threat before it was too late.

In his fight against the wicked games that surrounded him, would he end up losing her all over again?

Wicked Ties

What if every long-held belief had been a lie?

What if learning the truth changed everything?

Colton “Bull” Lanier thought he had his life all figured out. His trust was hard earned. He let no one see the man inside. He didn’t believe in love and he didn’t get involved. That is, until she walked into his life.

There was more to Steele Security’s newest client, Chaise, than what met the eye. She was in trouble but she also had secrets she kept close to the vest. With her life in danger, Bull reluctantly agreed to protect her and help find her missing intern.

When their attraction flared hot enough to scorch them, Bull gave Chaise something very rare—his trust. But as worlds collide, lifelong secrets were revealed that made Bull question everything he’d ever believed.

When Chaise disappeared, the men of Steele Security were on the case. But, would she be found in time?

Compassion. Trust. Affection.

Callous. Suspicious. Distant.

With his world twisted by the wicked ties, which traits would define Bull?

Recommended for readers 18+ due to language, violence, and sexual content.
