David McBain can do the impossible with one hand tied behind his back, but miracles take him a wee bit longer...

*Two deployments in Afghanistan couldn't prepare Major David McBain and Captain Kenzie Wallis-Manning for the week leading up to D-Day - June 6, 1944.*

From the bombed-out streets of London to the huts at Bletchley Park and an interview with Alan Turing to the 2nd Battalion Army Rangers and the beaches of Normandy, this high-stakes, time-travel World War II romantic adventure will keep you enthralled, awake into the wee hours, and racing toward the end, only to wish it had never arrived.

West Point graduate Kenzie Wallis-Manning planned to make the Army her career, but after being severely wounded during her second deployment, and suffering from PTSD, she retires from the military and enrolls in law school. While studying in England, she receives a package containing an emerald brooch with a Gaelic inscription. As soon as she sounds out the words engraved on the stone, she is whisked back in time to May 28, 1944.

When Elliott Fraser learns his friend's half-sister, Kenzie, has disappeared, he sends David McBain and Jack Mallory to the past to find her, and bring her and her soul mate back to the future. Will David discover the mission pits him against the best interests of Britain? Will Jack's penchant for getting in trouble put his life at risk again? Will Kenzie find her soul mate, or will she lose more on the battlefield of this war than she did in Afghanistan?
