Fresh meat! From a hospital of horrors to a runaway zombie train, it's an all-new onslaught of the slavering undead in the sequel to Kirsty McKay's killer debut!

Just when you think you're out...it's the morning after the night of the return of the living dead. Or something like that. After running/bus-driving/snowboarding for her life alongside rebel Smitty, geeky Pete, and popular Alice, Bobby thought she'd found the antidote to the Carrot Man Veggie Juice that had turned the rest of their classmates into zombies. When Smitty (mmm...nom, nom) got chomped, Bobby pumped a syringe full of it into him herself.

But now Bobby's a prisoner in some hospital of horrors, with no clue how she got there. And Smitty is missing. What if he isn't cured after all? Bobby knows she's got to find him, even if it means facing Scotland's hungry hordes -- plus Alice's buckets of snark -- again. And this time, zombies aren't the only evil stressing her out. The brain-dead are bad enough, but how can Bobby stop the big pharma business behind the epidemic? Especially when her own mom works for the company?
