Transference and Counter-Transference

Heinrich Racker

Transference and Counter-Transference Heinrich Racker

This book, whose central theme is counter-transference, had considerable impact in Latin America, and also aroused interest and confirmation in other psychoanalytic centers of North America and Europe. Racker argued that transference and counter-transference are the two components of a unity that reciprocally give life to one another and create the interpersonal relationship in the analytic setting. The counter-transference encompasses the analyst's total response to the transferences of the patient and to his or her own transference reactions to the person of the analysand. It is a decisive factor for the understanding and interpretation of the patient's psychological processes.

From reader reviews:

Jose Longoria:

Do you have favorite book? In case you have, what is your favorite's book? Guide is very important thing for us to understand everything in the world. Each publication has different aim or perhaps goal; it means that e-book has different type. Some people really feel enjoy to spend their time for you to read a book. They are reading whatever they get because their hobby is reading a book. Think about the person who don't like looking at a book? Sometime, man feel need book after they found difficult problem as well as exercise. Well, probably you will want this Transference and Counter-Transference.

Theresa Wilkins:

What do you ponder on book? It is just for students as they are still students or the idea for all people in the world, exactly what the best subject for that? Merely you can be answered for that issue above. Every person has various personality and hobby for every single other. Don't to be compelled someone or something that they don't want do that. You must know how great along with important the book Transference and Counter-Transference. All type of book can you see on many options. You can look for the internet sources or other social media.

Gerald Conway:

What do you about book? It is not important to you? Or just adding material when you need something to explain what yours problem? How about your time? Or are you busy particular person? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? All people has many questions above. They have to answer that question because just their can do in which. It said that about e-book. Book is familiar in each person. Yes, it is correct. Because start from on kindergarten until university need this specific Transference and Counter-Transference to read.

Elizabeth Pipkin:

This Transference and Counter-Transference are generally reliable for you who want to certainly be a successful person, why. The explanation of this Transference and Counter-Transference can be one of several great books you must have is giving you more than just simple studying food but feed anyone with information that perhaps will shock your previous knowledge.
