The First Vision - The Joseph Smith Story Jim Whitefield

The Mormon Church (The Church of Jesus Christ of Latter-day Saints) admits that it stands or falls on the validity or otherwise of Joseph Smith's claimed First Vision. This booklet examines each aspect of Smith's official account and compares it with historical evidence, including his own earlier versions of events, along with all Smith's other writings - to arrive at the only possible conclusion. Was the vision a first time, first hand, divine experience or was it made up as Smith went along and just part of an elaborate hoax? This work is made available in the interest of truth and integrity for those who want to know or share the truth which is supported by hard evidence. This booklet is also available to read free as an article at: themormondelusion.com. Click on 'The First Vision' tab on the side bar of the home page.
