Learning Theology with the Church Fathers Christopher A. Hall

The early church fathers were great theologians--though they did not think of themselves as such. They were working pastors, involved in the daily life and leadership of their congregations. Yet they were wrestling with many of the great and formative questions of the Christian faith, such as the Trinity, the incarnation, the providence of God and the nature of the church. These beliefs were defined in the crucible of spiritual leadership, pastoral care and theological conflict, all set against the background of the great cultural movements and events of their day. For the church fathers, theology was a spiritual exercise woven into the texture of life. What would it be like to sit under the preaching and instruction of these great men, to look over their shoulders as they thought and wrote, or to hear them debate theological issues? *Learning Theology with the Church Fathers* offers us that experience. With the same insight and love of his subject that he brought to *Reading Scripture with the Church Fathers*, Christopher A. Hall opens the door on patristic theology. Focusing on the great questions, we view these issues in their settings and find greater appreciation for the foundations and architecture of our Christian faith.
