21st Century Jedi: Spiritual Athletes on the Cosmic Chessboard Dr. Damon Joseph Sprock
"21st Century Jedi" revised, second edition has expanded the 2009 first edition 55 pages and again includes all the necessary information regarding the latest systems for improving your decision-making and problem-solving, bringing more abundance into your life. Scientific discoveries can be overwhelming and difficult to understand by laymen, and for that reason, Dr. Sprock has written his new discoveries in language that is easy to comprehend and as easy to apply as saying a prayer. Dr. Sprock reveals, for the first time, how human consciousness has a quantum connection to God consciousness via the subconscious mind hologram, thus unveiling how humankind can understand its direct accessibility to all preexisting potential. Included once again is Dr. Damon Sprock's, "Bi-Mass/Velocity Factor," how momentum plays a dual role in all human activity and determines our fate. Also, "Unification Theory: Human Consciousness," revealing interconnectedness between all systems of knowledge, intention and manifestation regarding human consciousness. Newly added is Dr. Sprock's alternative for the "Big Bang Theory." "The Spiritual Big Bang: Origin of Universe," is intended for those who believe that a spiritual creator is responsible for the manifestation of the physical universe, that it did not appear from "nothingness." Also included is Dr. Sprock's challenge ("Fabric of the Universe") of Einstein's theory of the bending of the fabric of space. The knowledge revealed in "21st Century Jedi" gives its beneficiaries empowerment to choose anew rather than archaic behavior patterns that cause resistance-attraction and self-sabotage. These dynamic, new, behavior systems give applicants the tools to carry them through and beyond the 21st Century, thus supplying humankind with greater joy and abundance.
