**Around The World in 69 Days: What Would You Attempt To Do If You Knew You Could Not Fail?**

**This is not a book just about flying a single engine airplane around the world.**

**This is the book about identifying the “Big Hairy Audacious Goal” in our lives and finding a way to accomplish it through focus and discipline.**

The author accomplished three dreams: the dream of coming to the U.S. and getting an MBA degree (when he hardly spoke any English); the dream of starting a company and becoming a self-made millionaire (when he had no money, no business plan, no investors, no social network, and no experience); the dream of becoming the first Chinese citizen to fly a single-engine airplane around the world (when he had barely 200 hours of flying time and two years of flying experiences).

By sharing these stories, the author challenges everyone to think about one question: “What would you attempt to do if you knew you couldn’t fail?”
