## **Protection Officer CPO Final Challenge Study Reference 2013 ExamREVIEW**

The CPO Program Final Examination consists of a large number of true/false and multiple choice questions, with a specified time limit to be enforced by the exam proctor. It has a coverage which is highly extensive - in fact so extensive that I wouldn't recommend taking the exam until you are fully drilled on the relevant topics. Many CPO candidates are experienced professional who have been in the field of security for years, that they know most of the practical how-tos, and all they need is to learn the principles, concepts and science that are behind the essential security techniques. Going through all the reference material officially listed would be quite overwhelming for these busy professionals. Our book builds a solid focus while revisiting key examination topics. Whether you are just starting to study, cramming at the last minute, or simply looking to refresh, this could prove to be a lifesaver! You are encouraged to use this book as a study reference in addition to the official study manual.
