It's apparent, a little startling, even refreshing, to see the author blending life stories and maxims with compelling, spellbinding fiction wrapped in a twisted love story.

Righting another's wrong landed D in the witness protection program and cost him family, friends, and everything of substance in his life. Loneliness is his constant companion until he meets Candi, the girl of his dreams. He and Candi embark on a three-week ride to redemption where they deal with mind-numbing deceit, perilous treachery, their overpowering lust for each other and their personal demons.

Nevertheless, new opportunities bring a chance to begin again. And, it doesn't hurt that he's got 200 pounds of illicit diamonds to use to ease the pain of those wronged. He will continue the redemption process by way of a well thought out plan involving a 5,000-mile adventure through the Western United States and Canada.

When D meets Candice, aka Candi, she captures his heart, mind and soul the instant she 'inadvertently' almost runs him down in the Starbucks drive-thru. Candi joins him on his three-week, two-wheeled ride to redemption, where they're forced to face their personal demons, while dealing with wanton lust, mind-numbing deceit and perilous treachery.

Spectacular scenery and a cast of unforgettable characters they meet along the way makes the journey memorable, but nothing prepares them for the sacrifices they must eventually make midway in the ride.

"The more things change, the more they stay the same," sadly, does not ring true for Candice and D throughout this first of a three part series. Lust and greed are forever game-changers, even for those who desperately seek redemption.
