Do you have an interest in Nelson Mandela? Would you like to know more about his teachings and his philosophies on life? Then you've found the right book! With twenty-five quotes from Nelson Mandela and a summary of what each quote means, you can understand the beliefs Nelson Mandela held. Nelson Mandela is a man who started out as a boy born to a wealthy family in South Africa, but he was born the wrong color. He grew up being oppressed by a government that believed they were superior to the local inhabitants of South Africa and eventually became a lawyer in order to protect those around him. When he realized this wasn't enough, he went on to become the leader of an activist group that began peacefully and ended with them taking up arms. When he was arrested and spent eighteen years in one of the world's worst prisons, he learned a thing or two. Nelson Mandela came out a man who wanted nothing more than peace and equality for everyone in South Africa, including the white people, who were the minority at the time. He negotiated with the current government to obtain equal rights for all races in South Africa, and eventually became president.

- Commitment
- And More!
