## The Comprehensive Sailing Start-Up Resource

- Can a keelboat tip over?
- Can I take a centerboard boat onto open water?
- How can I determine what boat I want?
- Once I do, what's a fair price to pay for it?
- Should I buy it new or used?
- How can I tell the difference between a used boat and one that's used up?
- Now that I have it, how can I start sailing quickly and safely?

*Your First Sailboat* is the first book to answer *all* your questions about selecting, buying, maintaining, and using your first boat. This user-friendly guide covers issues that other books ignore, including how to choose between a trailer sailer, daysailer, raceboat, cruiser, or multihull; what hull material is best for your first boat; whether to buy new or used; where to shop; how to judge quality and condition; where to keep your new boat; and what to do about gear, loans, insurance, and annual maintenance. Special features of this all-in-one handbook include:

- A descriptive buying guide to 75 recommended sailboats of all types and sizes, from daysailers to racers, cruisers, and multihulls
- A decision tree to guide you to your ideal starter boat
- Complete instructions on how to care for and sail your boat as well as how to acquire it

Straightforward and fun, *Your First Sailboat* gives you just what you need to stop asking questions and start sailing. Everything else is optional. Save time. Save money. This book omits everything you *don't* need to know.
