The first three books in the Great Iron War steampunk dystopian fantasy series, collected together in a digital box set for the first time.

1. HOPEBREAKER

In the world of Altadas, there are no more human births. The Regime is replacing the unborn with demons, while the Resistance is trying to destroy a drug called Hope that the demons need to survive.

Between these two warring factions lies Jacob, a man who profits from smuggling contraceptive amulets into the city of Blackout. He cares little about the Great Iron War, but a chance capture, and an even more accidental rescue, embroils him in a plot to starve the Regime from power.

When Hope is an enemy, Jacob finds it harder than he thought to remain indifferent. When the Resistance opts to field its experimental landship, the Hopebreaker, the world may find that one victory does not win a war.

2. LIFEMAKER

The Regime is on the hunt, forcing the Resistance to take refuge aboard the Lifemaker, an advanced submarine that houses a special cargo: a handful of women who can still give birth to human children.

To evade the Regime's own submersibles, all parties must work together, but tensions are high, and not everyone on board is looking out for the greater good.

As they descend into the deeps, they quickly learn that not all monsters work for the Regime.

3. SKYSHAKER

The Resistance takes to the clouds aboard the Skyshaker, the newly-completed airship aimed at dominating the heavens, when the land far below has become a hellish place ruled by demons.

General Rommond fixes his attention on the city of Blackout, the old capital of the world, controlled by the Treasury, who are themselves controlled by the ruthless Regime. The skies above that city will no longer hide in smog; fire and fury will light up the sky. That centre of the old civilised world will either shift allegiance to the Resistance, or it will burn to the ground.

Yet there are always others who will resist the attempted change of power. From sky pirates and mob bankers to the feared mechanical men of the Iron Guard, Jacob and his new family of freedom fighters will

face greater challenges than they have ever faced before. As bombs drop from the sky like the iron tears of gods, there are other revelations that will shake the foundations of everyone struggling to save humanity.
