ABC of Architecture

James F. O'Gorman

ABC of Architecture James F. O'Gorman

ABC of Architecture is an accessible, nontechnical introduction to architectural structure, history, and criticism. Author James F. O'Gorman moves seamlessly from a discussion of the most basic inspiration for architecture (the need for shelter from the elements), to an exploration of space, system, and material, and, finally, to an examination of the language and history of architecture. He shows the nonspecialist how to read a design in plans, sections, and elevations, and how architects, like other artists, make creative use of space and light.

From reader reviews:

Ann Tuttle:

What do you regarding book? It is not important along? Or just adding material when you require something to explain what you problem? How about your free time? Or are you busy individual? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Every person has many questions above. They have to answer that question due to the fact just their can do that will. It said that about reserve. Book is familiar in each person. Yes, it is proper. Because start from on pre-school until university need this specific ABC of Architecture to read.

Madeleine Bandy:

Information is provisions for individuals to get better life, information currently can get by anyone at everywhere. The information can be a knowledge or any news even restricted. What people must be consider when those information which is inside former life are difficult to be find than now is taking seriously which one works to believe or which one the actual resource are convinced. If you get the unstable resource then you buy it as your main information it will have huge disadvantage for you. All those possibilities will not happen with you if you take ABC of Architecture as the daily resource information.

Roberto Fetter:

Are you kind of active person, only have 10 or 15 minute in your morning to upgrading your mind ability or thinking skill also analytical thinking? Then you have problem with the book when compared with can satisfy your limited time to read it because this all time you only find guide that need more time to be go through. ABC of Architecture can be your answer because it can be read by an individual who have those short spare time problems.

Alan Trevino:

Publication is one of source of understanding. We can add our know-how from it. Not only for students but in addition native or citizen want book to know the upgrade information of year in order to year. As we know those ebooks have many advantages. Beside many of us add our knowledge, also can bring us to around the world. From the book ABC of Architecture we can consider more advantage. Don't someone to be creative people? For being creative person must prefer to read a book. Merely choose the best book that suited with your aim. Don't end up being doubt to change your life with that book ABC of Architecture. You can more desirable than now.
