Legends and Lore of Texas Wildflowers (Louise Lindsey Merrick Natural Environment Series)

Elizabeth Silverthorne

Every spring paintbrush decorates Texas' highways with its colorful leaves, which look as if they have been dipped in paint. Native Americans reportedly made a weak tea from this flower to treat rheumatism, to use in food as a secret love charm, and to use as a poison for their enemies. This roadside delight, sprinkled in with the bluebonnet, creates spectacular scenery for Texas travelers.

In *Legends and Lore of Texas Wildflowers*, Elizabeth Silverthorne offers a delightful selection of these botanical treasures explaining the significance and origin of the name, identifying where the flower and its family members are located, and colorfully describing each one's legends and uses. Complemented by eighteen delicate drawings, legends and facts about forty-four of Texas' most interesting flowers, such as the water lily, Queen Anne's Lace, poinsettia, dogwood, and morning glory, are delightfully detailed.

Violets have been used to cure cancer. Sunflowers were planted by nineteenth-century pioneers to protect families from malaria. Indian Blankets were used to increase fertility. Buttercups were used, in ancient time, to treat leprosy, plague, and insanity and, more recently, to remove warts or raise blisters.

Silverthorne's text offers folklore enthusiasts, gardeners, and Texas history buffs an enchanting reading experience and an invitation to discover the legends growing in their own backyard.

From reader reviews:

Donald Hamann:

The particular book Legends and Lore of Texas Wildflowers (Louise Lindsey Merrick Natural Environment Series) has a lot of knowledge on it. So when you check out this book you can get a lot of advantage. The book was compiled by the very famous author. This articles author makes some research ahead of write this book. This kind of book very easy to read you can get the point easily after reading this book.

Manuel Britton:

Your reading sixth sense will not betray you, why because this Legends and Lore of Texas Wildflowers (Louise Lindsey Merrick Natural Environment Series) book written by well-known writer who really knows well how to make book which might be understand by anyone who else read the book. Written within good manner for you, dripping every ideas and producing skill only for eliminate your personal hunger then you still hesitation Legends and Lore of Texas Wildflowers (Louise Lindsey Merrick Natural Environment Series) as good book but not only by the cover but also by the content. This is one e-book that can break don't determine book by its handle, so do you still needing yet another sixth sense to pick this specific!? Oh come on your examining sixth sense already alerted you so why you have to listening to yet another sixth sense.

Adeline Norris:

This Legends and Lore of Texas Wildflowers (Louise Lindsey Merrick Natural Environment Series) is great reserve for you because the content that is full of information for you who have always deal with world and possess to make decision every minute. That book reveal it data accurately using great plan word or we can state no rambling sentences in it. So if you are read the item hurriedly you can have whole facts in it. Doesn't mean it only gives you straight forward sentences but difficult core information with lovely delivering sentences. Having Legends and Lore of Texas Wildflowers (Louise Lindsey Merrick Natural Environment Series) in your hand like keeping the world in your arm, data in it is not ridiculous one. We can say that no reserve that offer you world within ten or fifteen tiny right but this reserve already do that. So , this is certainly good reading book. Hello Mr. and Mrs. busy do you still doubt which?

Steven Young:

As a pupil exactly feel bored to help reading. If their teacher asked them to go to the library or to make summary for some e-book, they are complained. Just tiny students that has reading's spirit or real their pastime. They just do what the teacher want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that reading through is not important, boring as well as can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Legends and Lore of Texas Wildflowers (Louise Lindsey Merrick Natural Environment

Series) can make you sense more interested to read.
