A Time for Friends: A Novel Patricia Scanlan

From the #1 internationally bestselling author comes her next heartwarming and comforting Irish-set novel about the complexities of lifelong friendship, perfect for fans of Maeve Binchy and Cathy Kelly.

When are the boundaries of friendship pushed too far, and when is it time to stop flying over oceans for someone who wouldn't jump over a puddle for you? There comes a time when Hilary Hammond has to make that call.

Hilary and Colette O'Mahony have been friends since childhood, but when irrepressible Jonathan Harpur breezes into Hilary's life and goes into business with her, Colette is not pleased.

After their first encounter, Colette thinks he's a "pushy upstart" while he thinks she's "a snobby little diva." And so the battle lines are drawn—and Hilary is square in the middle.

But as the years roll by and each of them is faced with difficult times and tough decisions, one thing is clear: to have a friend you must be a friend.

From reader reviews:

Candice Foushee:

Book is to be different for every grade. Book for children until finally adult are different content. We all know that that book is very important usually. The book A Time for Friends: A Novel ended up being making you to know about other knowledge and of course you can take more information. It is extremely advantages for you. The reserve A Time for Friends: A Novel is not only giving you a lot more new information but also for being your friend when you really feel bored. You can spend your spend time to read your guide. Try to make relationship while using book A Time for Friends: A Novel. You never really feel lose out for everything if you read some books.

Christopher Forney:

Precisely why? Because this A Time for Friends: A Novel is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will shock you with the secret it inside. Reading this book beside it was fantastic author who have write the book in such incredible way makes the content inside of easier to understand, entertaining method but still convey the meaning completely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of benefits than the other book include such as help improving your expertise and your critical thinking way. So , still want to delay having that book? If I ended up you I will go to the guide store hurriedly.

Anita Cannon:

This A Time for Friends: A Novel is completely new way for you who has fascination to look for some information given it relief your hunger of knowledge. Getting deeper you upon it getting knowledge more you know or perhaps you who still having little bit of digest in reading this A Time for Friends: A Novel can be the light food in your case because the information inside that book is easy to get through anyone. These books build itself in the form and that is reachable by anyone, yeah I mean in the e-book application form. People who think that in e-book form make them feel drowsy even dizzy this book is the answer. So there is not any in reading a publication especially this one. You can find what you are looking for. It should be here for an individual. So , don't miss this! Just read this e-book variety for your better life in addition to knowledge.

Marcella Baird:

As a scholar exactly feel bored for you to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just very little students that has reading's heart or real their interest. They just do what the instructor want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that studying is not important, boring in addition to can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this A Time for Friends: A Novel can make you truly feel more interested to read.
