Jaroslav Hasek

Fateful Adventures of the Good Soldier Svejk During The World War, Book(s) Three & Four Jaroslav Hasek

This is the last volume of the The Fateful Adventures Of The Good Soldier Svejk During The World War containing Book Three and Book Four. Jaroslav Hasek planned to write six books but passed away before completing Book Four. That is why the book is considered unfinished. Yet, it can be argued the author, under pressure from his deteriorating health, indeed completed his thoughts and "closed the books" on the book that made him famous quite well.

The Good Soldier Švejk, is a truly great satire (perhaps the greatest of them all) on the most central feature of social life in the past century and a half (at least) in most modern industrialized countries--the ubiquitous presence of huge, labyrinthine bureaucratic structures ostensibly set in place to make modern society more efficient, equal, and fair, but, in fact, reducing life for those who have to deal with them to what often amounts to an incomprehensible and out-of-control game whose major players never tire of announcing in noble-sounding prose and stirring poetry the importance of the structure and its alleged purpose but who, in their daily practice, show no signs of any significant humanity in dealing with subordinates or those whom the bureaucracy is supposed to serve. That target is something we all understand (because we have to deal with it, no matter where we live), and thus the impact of this satire extends well beyond the particular social and political realities of the world it depicts. - Ian Johnston, Malaspina University-College, Nanaimo, BC.
