No-one ever remembers what happens to them when they go into the barn at Bondalen farm. Some never come out again, and the rest... Something about them is different.

In 1979, the farm is home to three young girls. As winter fades to spring, Elizabeth, Kari and Sara each come to face the secrets of the barn, and they each emerge with their own injuries. But someone else is lurking nearby, a man who claims to be Death incarnate, and for these three girls the spring of 1979 is set to end in tragedy.

In the modern day, meanwhile, Bondalen farm has finally been sold to a new family. Dragged from London by her widowed father, Paula Ridley hates the idea of rural life. Soon, however, she starts to realize that her new home retains hints of its horrific past, while the darkness of the barn still awaits anyone who dares venture inside.

Set over the course of several decades, The Farm is a horror novel about people who live with no idea of the terror in their midst, and about a girl who finally has a chance to confront a source of great evil that has been feeding on the farm for generations.
